

Patient Experience

COMMITTED TO PROVIDING QUALITY HEALTH CARE TO THE CHILDREN OF NORTH TEXAS

Our goal is to create a better patient experience while at the same time reducing costs. How do we fulfill our commitment to you? We have partnered with primary care and specialty pediatricians who share the same vision as Children's HealthSM – Making Life Better for Children.

We believe that providing the right care at the right time leads to better outcomes. Whether this health care is a well-child visit to keep your child healthy or a doctor's visit to discuss your child's chronic condition, we are by your side to help you coordinate this care and manage your child's condition. We have dedicated Care Managers with clinical expertise in pediatrics available to you throughout your child's cycle of healthcare. What does this mean for you? We help you navigate the health care system – to make life better for your child.
